Programs may not apply to all health plans. Discounts on certain goods and services may not be provided directly by Blue Cross and Blue Shield of North Carolina (BCBSNC), but may instead be arranged by BCBSNC for member convenience. Any discounts are outside your health plan benefits. BCBSNC is not liable for problems resulting from goods and services it does not provide directly, such as goods and services not being provided or being provided negligently. BCBSNC may change or discontinue these programs at any time.

<sup>1</sup> At Wal-Mart, members will receive comparable values through their everyday low prices on examinations, frames and contact lenses purchases.

<sup>2</sup> Members may receive an eye exam at one participating location and eyeglasses from a different participating location. Members should verify that their selected provider for eyeglasses accepts a prescription from another provider before receiving services. For continuity of care, Davis Vision recommends all services be provided at a single participating provider location.

<sup>3</sup> Special lens designs, materials, powers and frames may require additional cost.

<sup>4</sup> Pricing depends on the retail location selected.
