## **An Extensive Network**

Davis Vision's nationwide provider network, with more than 33,000 points of access, grows more than 11%-12% annually. Our preferred providers are conveniently located in urban, suburban and rural markets. Our blended network includes independent ophthalmologists, optometrists and regional and national retailers. **Our Eye Care Centers of America and Empire Vision Centers were named the National 2010 Retailers of the Year by Transitions Optical, the number one manufacturer of photochromic lenses worldwide.**

## **Implementation Made Easy**

Davis Vision designs vision plans that specifically meet your needs. Our administrative systems are flexible and every element of the implementation process can be tailored to any client need. Starting from contract award and throughout the process, an experienced client manager is your single point of contact to ensure that everything runs on schedule and without extra cost. **We know enrollment support services are key - that's one of the reasons we have the highest participation in the industry.**

## **Focus on Wellness**

Our disease management capabilities are structured for every type of client, regardless of the size or complexity of the population. Depending on the member demographics, a company's vision wellness benefit needs vary. That's why Davis Vision's vision wellness programs are tiered to accommodate groups of any size. **The Davis Vision Eye Health Connection<sup>SM</sup> Program not only coordinates communication and reporting capabilities for early detection of diseases, but also includes additional eye exams and eyewear for the four conditions that are among the leading causes of blindness (glaucoma, diabetes, cataracts and age-related macular degeneration).**

## **Your Partner for Better Vision**

Your members depend on you for their benefit needs, so choose a vision plan that has the dedication to deliver what was promised. With nearly 50 years of vision plan experience, outstanding service remains the cornerstone of our goal for 100% client and member satisfaction. **Year after year, we retain over 97% of our clients as partners who are extremely satisfied with more than just our vision benefits.**
