

**Important Information about the Medical Optometry Benefit
for Fidelis Medicare Members**

Effective May 1, 2010, all participating practitioners in the Davis Vision Network serving Fidelis members will be able to provide appropriate medical eye care services to Fidelis Medicare members. Participating Optometrists will be able to provide diagnostic and therapeutic services within their scope of licensure to Fidelis Medicare and will submit claims for those services to Davis Vision for processing. The reimbursement and procedure codes schedule will remain the same as all other Fidelis lines of business.
