

Information about Medical Optometry Services for Healthfirst Members

All participating Optometrists in the Davis Vision Network serving Healthfirst members will be able to provide appropriate medical eye care services to Healthfirst members. Participating Optometrists will be able to provide diagnostic and therapeutic services within their scope of licensure to Healthfirst members and will submit claims for those services to Davis Vision for processing. Please contact Davis Vision at 800-933-9371 for further information.
