

ATTENTION: ALL EXCEL ADVANTAGE PROVIDERS

Please be advised of the following changes being made to the Excel Advantage Program effective July 1, 2009.

- Excel Advantage frame returns will be limited to within 60 days of purchase. Any frames returned outside the 60 day period will be returned to your office.
- All Excel Advantage frame returns must be labeled/marked:

Attn: DC Plainview – Excel Adv

- All Excel Advantage frame prices will be discounted an additional 10% with this change in the return policy.
- Excel Advantage will no longer release the Excel Advantage account with a promise to pay. The account will be released once payment has been received. Visa and MasterCard payments will release your account the same day.
- Davis Vision will be implementing the E-Bill system in the near future. E-bill is an online payment system you can access through the provider website.
- E-bill will enable you to pay your statement with an electronic payment from your bank account or a credit card. Recurring payments can also be set up so you can choose a specific day each month to pay the Excel Advantage balance.
- E-bill will allow you to view and print your monthly invoices.
- Once E-Bill is up and running, Davis Vision will no longer accept checks for payment on the Excel Advantage accounts.
