Share Your Case Study!

You May Win a Nintendo® Wii and Wii Fit™^{/1}!

“Eye Found” is a new feature in this newsletter that offers you a platform to share and enhance clinical knowledge among Davis Vision providers. To participate, tell us about an interesting condition you diagnosed during a Davis Vision patient’s eye exam.

If we select it for publication in the next issue of Provider Network News, we’ll send you a new Nintendo Wii and Wii Fit!^{/1}

Send your submission of 500 words or less in a secure format to Dr. Daniel Levy at eyefound@davisvision.com by **October 31, 2011**. Include your patient’s age, gender and state of residence (no names, please), year of treatment, medical history, chief complaint, your diagnosis, treatment and follow-up.^{/2}

Along with your submission, please send any relevant documentation and diagnostic data (photos, images, etc.) in digital format. The winning case study will be selected for publication by a panel of licensed peers. Let us hear from you!
