

Davis Vision's Contact Lens Benefits FAQ for American Senior Communities Employees

How your contact lens benefit works when you visit a Davis Vision network provider.

As a Davis Vision member, you are entitled to receive contact lenses in lieu of eyeglasses during your benefit period. When you visit a Davis Vision network provider, you will first receive a comprehensive eye exam (which requires a \$10 copayment) to determine the health of your eyes and the vision correction needed. If you choose to use your eyewear benefit for contacts, your eye care provider or their staff will need to further evaluate your vision care needs to prescribe the best lens options. Below is a summary of how your contact lens benefit works in the Davis Vision plan.

What is the Davis Vision Contact Lens Collection?

As with eyeglass frames, Davis Vision offers a special Collection of contact lenses to members, which greatly minimizes out-of-pocket costs. The Collection is available only at independent network providers that also carry the Davis Vision Collection frame. You can confirm which providers carry Davis Vision's Collection by logging into the Member website at www.davisvision.com.

If your provider prescribes contact lenses that are included in Davis Vision's Collection (featuring many of the top brands on the market today), you will pay an additional \$10 copayment toward your contact lens evaluation, fitting and follow-up care. After that, your contact lens evaluation, fitting and follow-up is covered in full, and you will be provided with an initial supply of Collection contact lenses at no additional cost, as follows:

- **Planned Replacement:** Two boxes/multi-packs, or
- **Disposable:** Four boxes/multi-packs

What if my provider prescribes contact lenses that are not a part of the Davis Vision Collection?

If the prescribed contact lenses are not included in Davis Vision's Collection, or if you visit a provider who does

not carry the Davis Vision Collection (such as a national retailer like Visionworks®, Walmart®, Sam's Club®, etc.), you will receive a 15% discount¹ off of the cost of your contact lens evaluation, fitting and follow up care. You will also receive a \$130 allowance toward the cost of your contact lenses, less 15%¹ off of the balance over that amount. You will pay the balance remaining after your allowance and discounts have been applied, and will not be charged a copayment.

Can I use my Davis Vision plan at Walmart or Sam's Club?

Yes! The Davis Vision provider network includes many regional and national retail locations, including Walmart and Sam's Club. Retail locations, such as Walmart and Sam's Club, do not carry the Davis Vision's Collection.) Please note: Walmart and Sam's Club already include significant discounts in their pricing. Therefore, additional discounts—such as the 15% discount on the contact lens evaluation, fitting fee and follow up care and the 15% discount off of the balance over the \$130 allowance—do not apply at Walmart and Sam's Club locations. You will not be charged a copayment.

¹Additional discounts not applicable at Walmart or Sam's Club locations. Davis Vision® and the Davis Vision logo are registered trademarks of Davis Vision, Inc. All other trademarks are the property of their respective owners.
