Local 947 IUJAT is pleased to provide this information about your vision care plan administered by Davis Vision, Inc., a leading national administrator of vision care programs. Eligibility for vision care benefits is determined by the same rules that apply to your health care benefits.

How do I receive services from a provider in the network?

When services are needed, you must first obtain a Vision Care voucher by calling the Benefits office at 1.631.670.5660. All issued vouchers and a list of the network providers will be distributed from the fund office. Once you have received the voucher, make an appointment with one of the providers on the list.

Please be sure to bring the voucher at the time of your appointment.

Who are the network providers?

They are licensed providers in both private practice and retail locations who are extensively reviewed and credentialed to ensure that stringent standards for quality service are maintained. Please access Davis Vision's website at www.davisvision.com and utilize the "Find a Doctor" feature, or call **1.877.923.2847** to access the Interactive Voice Response (IVR) Unit, which will supply you with the names and addresses of the network providers nearest you.

What about out-of-network provider benefits?

You may receive services from an out-of-network provider, although you will receive the greatest value and maximize your benefit dollars if you select a provider who participates in the network. If you choose an out-of-network provider, you must pay the provider directly for all charges and then submit a claim for reimbursement to:

**Vision Care Processing Unit
P.O. Box 1525
Latham, NY 12110**

Only one claim per service may be submitted for reimbursement each benefit cycle. To request claim forms, please visit the Davis Vision website at www.davisvision.com or call **1.800.999.5431**.

May I use the benefit at different times?

No, all available services must be obtained at one time from either a network or an out-of-network provider. To maximize your benefit value we recommend that all services be obtained from a network provider.
