#### HOW THE PLAN WORKS

##### EYE EXAM

Members receive a comprehensive eye examination, including dilation, when professionally indicated.

##### EYEWEAR

Members will be entitled to substantial and verifiable savings on all of their eyewear needs (frames and spectacle lenses, or contact lenses). Discounts represent pricing well below average retail prices. These discounts are based on published industry standard costs, not markdowns from artificially inflated prices.

##### ADDITIONAL VALUE-ADDED FEATURES

The Vision Discount Program also offers significant discounts on replacement contact lenses and laser vision correction at no additional cost.

- Mail Order Replacement Contact Lenses - By accessing [www.davisvisioncontacts.com](http://www.davisvisioncontacts.com), Boeing members can easily order replacement contact lenses at significant savings and have them shipped directly to their doorstep.
- Laser Vision Correction Discount - Boeing members are entitled to savings of up to 25% off the provider's usual and customary fees, or a 5% discount on any advertised special through our network of physicians and refractive surgery centers (some centers provide a flat fee equating to these discount levels).
