Please refer to the "Termination of Insurance" and "Continuation" sections in either your Basic or Expanded sample certificate to verify the date your coverage will end upon terminating your benefit or leaving employment. You may also ask your ABC, HR representative or employer to assist you in this matter.

## What information will my eye doctor need?

When scheduling your appointment with an in-network eye care professional, it's best to have your member number so they can quickly verify eligibility. However, you can also use the head of contract's first and last name and the state in which they live.

An active Employee and/or Dependent's participation in the State Sponsored Group Health Plan is not required to participate in the State Group Vision Insurance Program. A Retiree and/or Dependent's participation in the State Sponsored Group Health Plan is required to participate in the State Group Vision Insurance Program. Employee or Retiree's participation in the State Group Vision Insurance Program is required for participation of eligible Dependents, except Dependents of Retirees may continue enrollment in the State Group Vision Insurance Program after the Retiree is no longer eligible for the State Group Health Insurance Plan and State Group Vision Insurance Program due to reaching the age for Medicare as long as the Dependents remain enrolled in the State Group Health Insurance Plan. Participation by those enrolled in the State Group Vision Insurance Program is on a calendar year basis, and enrollment may only be dropped by the participants during the Annual Enrollment Period for the beginning of the next calendar year or due to a special qualifying event.

### **What if my eye care professional is not in-network?**

The Basic Plan offers limited out-of-network benefit options, while the Expanded Plan offers more reimbursement options. (See plans on pages 5 and 6 for more details.) To submit an out-of-network claim, visit [davisvision.com/StateofTN](https://davisvision.com/StateofTN) and click on "Access Benefits and Forms" to download the Direct Reimbursement Claim form. Follow the instructions on the form to submit your claim. You must include either your eye care professional's signature or a detailed receipt. You can request to add an eye care professional to your network under "Find an eye care professional" at [davisvision.com/StateofTN](https://davisvision.com/StateofTN).

 **Tip: Download the the Direct Reimbursement Claim form from the member portal and bring it with you to your appointment for easy completion of the eye care professional information and for their signature.**

### **What is included in an eye examination?**

An eye exam takes roughly an hour and consists of a variety of checkups, which include a health review, simple visual acuity tests, refraction test, visual field test, glaucoma test, slitlamp evaluation and dilation. A comprehensive eye health exam can detect a number of eye diseases, as well as signs of systemic conditions such as diabetes, thyroid disease, high blood pressure and neurological impairments. Every eye exam our eye care professionals administer is consistent with clinical guidelines published by the Eye American Optometric Association and the American Academy of Ophthalmology.

### **What is a dilated retinal exam?**

A Dilated Retinal Examination is a critical diagnostic procedure in the detection and management of diabetes, glaucoma, hypertension and many other ocular and/or systemic diseases (up to 30 altogether). It can lead to higher quality patient care, improved lifestyle through early detection and intervention, and possibly lower your overall health care costs.

### **Do I have to get all the services completed at the same time?**

As a Davis Vision® member, you can get an eye exam and shop for eyewear at different times and in different locations. For example, you may get your eye exam from an eye care professional and then use your prescription to shop for glasses at an in-network retailer at a later date within the same plan year.

### **Does my whole family have to visit the same eye care professional?**

No. Plan dependents can visit different eye care professionals. For example, students who are away at school can locate a participating eye care professional near them.

### **Can I get both glasses and contact lenses?**

No. Your plan benefits will cover eyeglasses or contact lenses, but not both. We are, however, able to offer our members additional discounts on certain eyewear and eye care purchases even after the plan allowances have been used. Log in to your account to view plan details, or call us at (800) 208-6404.

### **What if my glasses break?**

All eyeglasses come with a one-year breakage warranty for repair or replacement of the frame and/or lenses, which applies to all plan-covered eyeglasses (i.e., all spectacle lenses, Davis Vision Exclusive Collection frames and national retailer frames where our Exclusive Collection is not available). So if your glasses break, simply return them to where you purchased them.

### **Can I use my insurance when shopping online?**

Your Davis Vision benefits are available for in-network use online at [visionworks.com](https://visionworks.com). Online purchases for glasses or contacts at other sites are currently considered out-of-network. Your benefits will work the same at [visionworks.com](https://visionworks.com) as they would in-store at a Visionworks location.
